

The Mainframe Software Partner
For The Next 50 Years

Compuware Corporation, the world's leading mainframe-dedicated software company, empowers the world's largest companies to excel in the digital economy by fully leveraging their high-value mainframe investments. We do this by delivering highly innovative solutions and integrations that uniquely enable IT professionals with mainstream skills to manage mainframe applications, data and platform operations.

As an Agile organization, we provide a steady stream of innovation in the form of net-new capabilities and enhancements to our existing product portfolio each quarter—without exception. Our goal is to help customers achieve and maintain digital agility leveraging the virtues that make the mainframe indispensable.

Firmly rooted in Detroit, we have a diverse and multi-talented workforce. Next-generation developers and other team members work alongside staff who have been with Compuware for 20, even 30, years. Always with an eye on the future, we continually recruit next-generation developers, earning the honor of being The Mainframe Software Partner for the Next 50 Years.

THE MAINFRAME PLATFORM: BY THE NUMBERS

Over **220 billion** lines of mainframe application code are in use today + **5 billion lines** added annually = multiple decades of **business rules and process logic** investments

The mainframe holds **80%** of enterprise data and **71% of all Fortune 500 companies'** core businesses

88% of CIOs believe the mainframe will be a key business asset over the next decade

OUR VISION

A unified, mainframe-inclusive DevOps tool-chain that enables customers to continuously improve on the essential digital measures of velocity, quality and efficiency.

OUR MISSION

To be the world's most trusted source of solutions that mainstream the mainframe, empowering customers to leverage their mainframe with ease and effectiveness and amplify the value of their resources and assets.

OUR CORE VALUES

Committed in heart, mind and spirit to:
customer-driven ideation and innovation;
transparent and open-minded collaboration with employees, customers and partners;
continuous learning and improvement.

ABOUT CHRIS O'MALLEY

Chris O'Malley is CEO of Compuware where he is responsible for setting the company's vision, mission and strategy. With 30 plus years of IT experience, Chris has led the company's transformation into becoming "The Mainframe Software Partner for the Next 50 Years." Before joining Compuware in 2014, Chris was CEO of VelociData. Previous to that, he was CEO of Nimsoft, EVP of CA's Cloud Products Solutions and EVP/GM of CA's Mainframe business unit, where he led the successful transformation of that division.
